

Enrollment News for the 2018-19 School Year

Currently Enrolled Students

Hynes Charter School will fully participate in the Enroll NOLA (aka One App) process for NEW STUDENT admissions for the 2018-19 school year. In late winter, we will send home a re-registration packet for those who wish to continue their enrollment at Hynes. You will not have to complete any steps with Enroll NOLA.

If you choose to complete a 2018-19 Enroll NOLA application for a child who is *currently* enrolled in Hynes this year (2017-18,) and their application matches to the other school, **YOU WILL AUTOMATICALLY LOSE YOUR SEAT AT HYNES** for the 2018-19 school year. If you want to stay at Hynes, you do not need to do anything in Enroll NOLA.

New Student Applicants

For new applicants, parents/guardians must create a username and login for the family. If you are already in the Enroll NOLA system you do not need a new account. Use the existing account to add the new child.

The window for new applicants opens November 1st. If you are applying for a sibling, it is essential that you link your new applicant to the currently enrolled student. To do this, you will need the currently enrolled student's One App ID number. If you need this number, please call Kim Ballance at 504-359-9106. This step will then be verified by administrative staff.

School Tours

We will host a morning of school tours on Thursday, November 2, 2017. This is to introduce our school to potential applicants. We will begin with an information session in the gym at 8AM. Visitors will be broken into smaller groups and guided around the school. The event ends at 10AM.

If you would like to volunteer to help us, please email hynes.pto@gmail.com and put School Tours in the subject field.
