

# *Learning About Literacy at Hynes*

The week of September 10th, we will host our annual *Learning About Literacy at Hynes*. We invite parents/guardians to visit a 75-minute reading class. During this class visit, scheduled by your child's reading teacher, you will observe the Success for All reading program in action. You can ask questions and get the answers needed to help better assist your child at home. Together, we can shape leaders for a changing world and this opportunity gives you a glimpse into the quality education provided at Hynes. More information will be provided in the upcoming weeks. We thank you in advance for your participation and support.
