

Hynes 6<sup>th</sup> grade students attended Junior Achievement BizTown on Friday, October 19 at their Delgado campus. This program is designed to teach students how a community works with students working for the day in various occupations. They were also able to welcome Chick-fil-a as a sponsor and have a ribbon cutting ceremony. Before the visit, the students trained in checkbook accounting, financial budgeting for their companies, speech writing for the mayoral election, and job selection to prepare them for the field trip. This hands-on experience helps the students comprehend the experience of being a productive citizen, especially when they deposit their paycheck in the BizTown Bank.
