MassMutual FutureSmart Financial Leadership Seminar

On February 13th, some of our seventh and eighth grade National Junior Honor Society members participated in the MassMutual’s FutureSmart Challenge financial leadership seminar held at the Smoothie King Center. They learned about being smart with money and saving for their futures from accomplished actor and author Hill Harper! A special appearance was made by the New Orleans Pelicans’ own Jahlil Okafor, who discussed the importance of financial literacy.

After this fun-filled and informative seminar, students were treated to lunch at Raising Cane’s where the owner, Aaron Freedman, discussed entrepreneurship and the importance of financial literacy and hard work with them.

A great time was had by all!
