

We are participating in “Pennies for Patients” again this year! Last year we raised \$8,183.16. We placed 3rd in the Top Elementary Schools for the Mississippi/Louisiana Region. WOW!

This fundraiser helps the Leukemia and Lymphoma Society fund cancer research and gives monetary assistance to families in need. The local chapter of the society has impacted the lives of multiple people in our Hynes Family including Patti Tullis, Amos Trumble, and Shawn Gray. Through the Leukemia and Lymphoma Society families can receive resources to help them realize that they are not fighting this battle alone.

A kick-off assembly was held on March 12th to get the students excited about the fundraiser and to provide awareness of what blood cancers are.

We will be collecting, both in person and online, **March 11th – March 29th**.
