

Hynes is proud to be involved with the National Junior Honor Society for the second year at Hynes. This is a nationally recognized organization that prides itself on creating leadership opportunities for students while simultaneously providing service to our chapter's community. Last year, Hynes was extremely proud to hold its inaugural induction ceremony for the first members of the Hynes chapter. The National Junior Honor Society is comprised of members of our school who embody each of the five pillars of the organization: scholarship, service, leadership, character, and citizenship. Members must maintain a 3.0 GPA and at least a 90 in behavior as well as complete specified service hour requirements and assist in school sponsored service projects. Invitations for newly eligible members, including current 6th graders, will be going out later this fall. Please check for updates in the Wednesday Communion Folders for more information.
